Supervisor of Registration.

To Open Exposition With Gold Key.

President Taft is to open the Yukon-Alaska exposition at Seattle, June 1, with the splendid gold telegraphic key presented to him recently by Secretary Ballinger and the congressional delegation from Washington. The key is mounted on Alaska marble and is ornamented with twenty-two gold nuggets from Alaska. "I have the honor and the pleasure, as former vice president of the Alaska-Yukon-Pacific exposition, to present to you a telegraphic instrument to use when you send the message on June 1, of this year, opening the exposition at Seattle, Washington," said Mr. Ballinger. "I present this key to you on behalf of the donor, Mr. George W. Carmack, as well as on behalf of the management of the Alaska-Yukon-Pacific exposition."

Prescribed by Wireless.

A Philadelphia dispatch of May 20 says: "Although Dr. Otho Marberg, of New York, has been at sea since last Saturday he sent cheering advice by wireless to his patient, Mrs. P. T. Felman, of Chicago, at the Bellevue-Stratford this morning. At 8:50 Mrs. Felman sent the following message to Dr. Marberg in care of the liner Amerika. 'I am faint, sinking feeling about the heart. Numbness. What shall I do? T. P. Felman.' The answer flashed back into the wireless station in the tower of the Bellevue-Stratford at 9:05 o'clock was: 'Follow diet prescribed before sailing. All will be O. K. O. Marberg.' Mrs. Felman paid \$10.30 to the operator and said she felt much better."

Welding Copper and Steel

Dysart, Iowa, prides itself upon housing Matthew Wilson, who claims to have invented a process of welding copper and steel. He also claims to have welded two pieces of copper as solidly as if they were molded. He exhibits in his shop a hammer, the handle of which is copper and the face of steel. He can be seen any day with the hybrid hammer. He says his process of welding is the first in the history of the world to prove successful.

LEFT ON HER DOORSTEP

FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition."

"This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take."

"Just the thing," said I, "for my little daughter," and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily."

"I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

FORT PIERCE DRUG CO.
